

International Women's Festival Pacific NW

Womanifesto

We promise to create a safe space for our authentic selves to shine. A space to support, nurture and lift each other up. Where playing is encouraged and without judgment. Be prepared to walk out the doors with a clearer direction and sense of purpose. Leave with a fresh, new sense of self. A greater vision. A more global perspective. A wiser and stronger you. Leave with the feeling that YOU have the power to make a difference and BE the change you want to see in the world. We ask that you operate within the space with an open mind and without judgment. Take it all in. Embrace your vulnerability. Lend support to others. Experience pure joy and share the feeling with others.
